

Evert Hartgers born: 8 May 1944

Evert does not see himself as an artist but as a hobbyist. There anyone can give judgment on themselves after seeing his work but I have a different opinion on: an artful hobbyist.

Its affinity with the great painter Piet Mondriaan he not insert. That is the biggest inspiration for Evert. His style resembles that of Piet Mondrian. Without myself to give it a name or perhaps a wrong name. Of course there are many more great examples that have been a great source of inspiration.

Evert is started in 1986 and after he had visited quite a few museums has become fascinated of modern abstract art. Before that, he unbuttoned wall doilies and handicrafts. But the painting is started only after 1986. He has a preference for blue what in almost all of his work.

Evert is very active and productive in the years from 1986 until 2013. His collection consists of more than 1,500 paintings and objects. Also, many study projects and try-outs. We are now working on getting all this to index and register.

EVERT HARTGERS **PAINTING** ARTS

These pieces are all to see by appointment, but are largely in the web gallery with a small selection in the webshop and on Facebook.

In this mailing part 2, you can see a small selection of his Painting Arts from 2000 to 2013. In part 1 features works from 1986 to 1999. Also, I can send you a list (spreadsheet) or make an appointment for a totally free presentation at your home or Office.

Our goal: to make as many pieces to make public. Through exhibitions at galleries, presentations to interested parties, via webshop and on social media.

But if there are interested parties/groups/agencies or investors who wish to manage the total oeuvre, or rent, or buy is that also an option.
